

NORTH STONINGTON GRANGE FAIR

Second Annual Event Drew an Attendance of 2500—Big Improvement in Displays and Attractions Over Last Year.

North Stonington turned out en masse on Wednesday for the second annual fair of the North Stonington Grange, incorporated. Aided by the number who were on hand from Norwich, Westerly, Pawcatuck, and the country round about, attendance records for the fair were smashed, and by midnight it was reported that close to 2,500 people had been on the grounds during the day.

With the big crowd, there was a growth also in the exhibits and attractions which the fair had to offer, demonstrating to the satisfaction of those who had put such an amount of hard work into it the grange fair, although an infant industry, was a lusty infant, that has a growing future. About three times the tent room was used this year as last and the number of exhibitors and quality of exhibits made a good advance over a year ago.

Officers in Charge.
Having a general oversight and direction of the fair were the officers of the association, who are the following: John D. Avery, president; Charles N. Brown, vice president; C. P. Kendall, secretary; Calvin A. Snyder, treasurer.

For all the varied details of the fair there were active committees appointed and the result of their efficient work was seen in a dozen tents which dotted the grounds, and the exhibits of cattle, horses and other creatures which were ranged about the grounds.

Regarding the gate and taking the tickets, were Amos Miner, George F. Coats, Charles Hillard and Allan York, who worked in relays. A section of the Western hand displayed all the popular airs from the bandstand, and while they were taking a breathing spell, the life and drum corps in front of the H. B. Gavitt company tent filed in.

INSTANT RELIEF FOR SORE FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Police men all over the world use TIZ. Police men stand on their feet all day and know what sore, tender, swollen feet really mean. They use TIZ because TIZ cures their feet right up, a knee fast in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emory Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet and is the only remedy that does. TIZ cleans out every pore and gives the feet a new lease of life.

You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all drug stores. Ask for it. It will be sent you direct if you wish from Walter Luthar Dodge & Co., Chicago, Ill.

to greet the visitor. Here the Western Furniture company had a ten display of stoves, graphophones and furniture, next was the tent of the H. B. Gavitt company of Westerly, showing stoves and furniture and giving souveniers and a free lunch, while the life and drum corps played. A. D. Miner of Westerly showed Perfection flour in a decorated booth.

Poultry and Pets.
Across the way from the mercantile people was the poultry and pet collection, where many pretty and interesting specimens of chickens, turkeys, geese, ducks, rabbits, cats, dogs, pigons and guinea pigs were shown. No visitor misses this section of the fair, which is in charge of Raymond Brown.

Grains and Vegetables.
The two big tents on the grounds are devoted to the exhibit of grains and vegetables in one of them and the domestic articles, fine arts, and school exhibits in the other. In charge of the grain and vegetables was Allen A. Coates, chairman, and the notable exhibits were by Farmhouse, Stonington, which occupied the center of the tent with a finely arranged display, Lafayette F. Main with a wide variety of vegetable and fruit, E. E. Bucklin, Mystic, on 23 varieties of apples, all handsome fruit.

Fruits and Flowers.
In the other big tent fruits and flowers are shown under the direction of "The Garden Club," which is in charge of bread, case, honey, handsome jelly and preserved fruit which excite the admiration of the housewives, displays of rugs, drawn work, sofa pillows, these being under the direction of Miss Annie M. Maine, chairman for domestic articles. School exhibits, for which Theodore W. King is chairman, show the playground movement and some school work and in the fine arts division, where E. Stewart Green is chairman, there is a fine display of pictures from the Ye Hollie Studio, Westerly.

At one corner of the tent, Brown & Stone, Western agents for the Rogers paints and varnishes, have a well arranged display of their wares.

Along the Midway.
Along a miniature midway are distributed the booths for ice cream, candy and popcorn, soft drinks, and such games as hit the babies, ring the prizes and others. In a big tent at the end of the line, C. N. Brown, who is chairman on catering, did a rushing business at the dinner hour and other times, feeding about 500 people during the day. Wilbur S. Maine is chairman of the committee of amusements. In another part of the grounds, a man with chivalrous ponies did a thriving business, renting his little animals for rides to saddle or in pony carts.

W. C. T. U. Tent.
The Pawcatuck W. C. T. U. had a tent tent in charge of Mrs. E. J. Tucker and Mrs. Louise Jaeger, where during the day 150 were registered, the mothers and babies finding just the comfortable spot they needed to recuperate when tired. Much of the temperance literature was also distributed.

Secretary Busy.
Secretary Kendall, courteous and efficient, had a tent which was one of the busy spots on the grounds. He answered fourteen different questions in as many minutes, settled disputes and kept things moving quietly and harmoniously during the day.

Livestock.
In the livestock department, Governor H. Brown was chairman on the horse show, George D. Coats on the cattle show, and Orrin R. Steadman on the swine and sheep, and each of these departments had a meritorious list of entries. Conspicuous and much admired among the horses was the magnificent black Percheron stallion, Prince R., weight 1,700, owned by James Browning, Stonington, the biggest horse on the grounds. Near him in contrast stood diminutive ponies of only a few hundred pounds weight. In the place reserved for the cattle, all the standard breeds were shown, pure bred and grade, 123 in all. Noticeable here were some of the big yoke of oxen among which were a yoke of grade Herefords and a yoke of Dutch Belts.

Sheep and pigs are represented in the pens near the back of the grounds, 25 woolly Shropshires being seen. While the hog pens contain both the black Berkshires and the Chester white. Several litters of lusty pigs bring out admiring comment. A pair of goats completes the livestock exhibit.

The grounds are well looked after by J. Edwin Thompson, who is in charge of the rental, printing and publishing are looked after by Rev. Lucian Drury, C. A. Snyder is chairman of the finance committee, George F. Coats of the auditing committee, and the marshals are Wilbur S. Main and Charles E. Hillard.

Louis W. Arnold, Jr., was on the grounds during the day, distributing sample copies of Hill and Dale, a new farmers' paper.

Baby Show Today.

What promises to be the big event for today is the baby show, for which nearly thirty entries were received on Wednesday. The youngest was 2-2 months, the oldest 23 months, and the babies will be on exhibition for an hour in the afternoon. There is also to be a programme of athletic events, and the awards on cattle and a number of other classes of exhibits are to be made.

PITIFUL SIGHT WITH ECZEMA

"A few days after birth we noticed an inflamed spot on our baby's hip which soon began spreading until baby was completely covered. Our regular physician pronounced it chronic eczema. He was losing flesh so rapidly that we became alarmed and decided to try Cuticura Soap and Ointment. Not until I commenced using Cuticura Soap and Ointment did we see what the skin and hair were doing. We were so much relieved, as we dared not wash him, and I had been putting one application after another on him. On removing the scale from his head, the hair came off, and left him entirely bald, but since we have been using Cuticura Soap and Ointment he has as much hair as ever. Four weeks after we began to use the Cuticura Soap and Ointment he was entirely cured. Before we used the Cuticura Remedies we could hardly look at him. He was such a pitiful sight. Cuticura Soap and Ointment stand by themselves and the result they quickly and surely bring is their own recommendation." (Signed) Mrs. T. B. Rosser, Mill Hall, Pa., Feb. 20, 1911.

Although Cuticura Soap and Ointment are sold throughout the world, a liberal sample of each, with directions on the skin and hair will be sent free, on application to "Cuticura," Dept. KK, Boston.
